

# Asian Network of Christian Conference, Camp and Outdoor Ministries.

## Expression of Interest.

Christian Camping International (CCI) is an alliance of Christian camping associations throughout the world, helping each association to be more effective in serving its membership of Christ-centred camps, conference and retreat ministries, to the glory of God and for the building up of his Church.

The Board of CCI has asked Christian Camping International Australia (CCI/Aus) to initiate and develop a network for any Christian Conference, Camp and Outdoor Ministries that are operating in the Countries of Asia that do not have an existing CCI Association. At this time CCI Associations operate in Japan, South Korea and the Philippines.

In time this network will provide the basis for the formation of an Asian Region Association of CCI, and may provide the stepping-stone for the establishment of Country Associations of CCI.

***If you have a genuine interest in and commitment to Christian Ministry through Conference, Camp and Retreat establishments or conduct Camps or Outdoor Activity Ministries you are invited to complete this application form so that you can keep informed of all developments.***

**Please note:**
